Woodmates[®] Venetian Blinds

**THE AESTHETIC APPEAL OF NATURAL WOOD
WITH THE PRACTICALITY OF POLYRESIN**

Woodmates® Venetians

High performance wood-look venetians

Luxaflex® Woodmates® look like timber, but they don't have any of the care or durability issues of natural wood. They're resistant to heat, moisture and UV, making them an intelligent choice for kitchens, bathrooms and other demanding environments.

The look of wood

If you love the look of wooden blinds but would prefer easier care and a lower price, Luxaflex® Woodmates® are for you. They look and feel like natural or painted wood, and the colour goes all the way through the slats – it's not just painted on the outside. What's more, Woodmates are tougher than natural wood, so they'll look good for longer.

The performance of polyresin

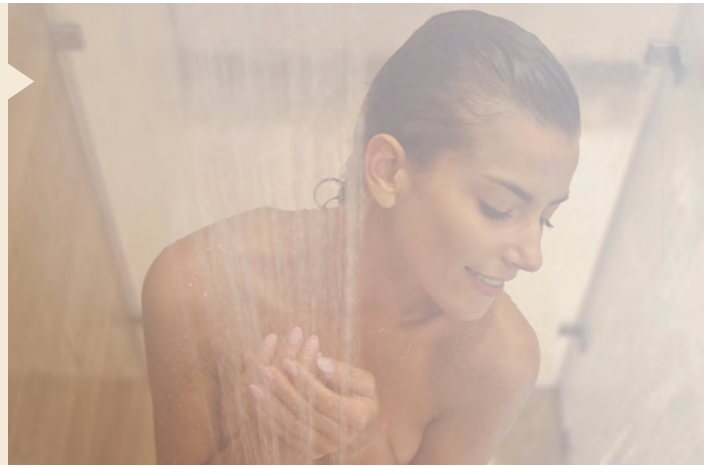

Woodmates are made from polyresin, which is an amazing material. It can endure environments that cause problems for natural wood – like rooms with high humidity, heat or sun. Polyresin is also very easy to maintain – dust with a feather duster or vacuum cleaner, then clean occasionally with a damp cloth and mild detergent. Polyresin blinds can also be professionally cleaned. Unlike natural wooden blinds, no special protective coatings or stains are required after cleaning.

Why choose Woodmates?

- Superior durability
- Easier cleaning
- Lower cost
- Great colour range
- Choice of slat sizes

For bathrooms and kitchens

In rooms where there's moisture, steam and grease, Woodmates are a smart choice because they won't warp, rot or peel. They're easy to clean and can provide perfect privacy for bathrooms – just close the slats.

For sunny rooms

New Zealand's high UV levels are tough on natural wood, causing fading, peeling, warping and cracking. By choosing Woodmates you can have the classic appeal of wooden venetians without worrying about sun damage.

For kids' rooms

Children are tough on furnishings, which is why Woodmates are a smart choice for kids' bedrooms and play areas. Polyresin blinds can take more punishment than natural wood blinds.

For tighter budgets

Woodmates cost about 10% less than high quality natural wood venetians, so they can help to make your home improvement budget go further.

Woodmates® choices

50mm slats

Woodmates with 50mm slats are available in 8 colour finishes. Maximum blind size: 5.5m².

Valance & bottom rail

Woodmates have a matching 90mm valance at the top of the blind, to hide light gaps and mechanisms. The bottom rail is shaped to provide optimum closure.

63mm slats

The larger 63mm slat is available in 4 colours. Maximum blind size: 5.5m².

Automation*

You can choose to have your Woodmates blinds automated. Ideal for child safety combined with convenience.

Colour finishes

Snow white

Pearl white

Alabaster

Natural

Oak

Pecan

Coachwood

Cherry

Available in 50mm slats

Available in 63mm slats

* Automation charges will apply.
